

PRAYER UPDATE

Saturday, 1st February 2025

Thank you for praying for HFA! Below you will find some of our recent prayer requests.

"If a man has a hundred sheep and one of them gets lost, what will he do? Won't he leave the ninety-nine others in the wilderness and go to search for the one that is lost until he finds it? And when he has found it, he will joyfully carry it home on his shoulders." - Luke 15:4-5, NLT.

PRAISE POINTS

- Praise the Lord for our partner organisations who have continued to allow us to work with them. We are simply thankful.
- Thank Jesus for the results of planning in the **HFA** office and workshop these last few weeks. We have a very full year ahead supporting our partners and building water drones.
- Praise God that we had the opportunity to have team members present the needs of the unreached in an Australian Church in the last few weeks.
- Praise God for the placement of the hull steel order for the next water drone with the supplier.

PRAYER POINTS

- Continue to pray for the rapid manufacture and delivery of steel for the next water drone.
- Pray for our partners in South America as one of their volunteers prepares documents to potentially start a separate business that would be complementary to our partners work for the unreached. Pray for the business overseas that is considering taking responsibility for it.
- Pray for the teams, in other **HFA** Network Organisations, producing various water drone designs and components in Europe.
- Pray for the underground church, in open countries, as they meet secretly to protect believers in closed countries. Pray we can be of technical assistance as they consider ways to reach closed countries with the Good News.

UNREACHED PEOPLE

This category is a tool to raise awareness and pray for the unreached. Please note that HFA is not necessarily involved in reaching the people groups mentioned in this section.

Siksa in Mainland Asia

The Siksa people group is located across seven different villages, five of them which are high up in the mountains. Getting to connect with them in these remote areas is challenging and dangerous. They don't have access to the Bible in their own language and rely on their national language Bible which most of them don't understand to learn about Jesus. Their access to education is limited and they have no internet or electricity. There's an organisation planning a language development project for Bible translation, but obstacles remain.

- Pray that any obstacle in the way of Bible translation will be lifted in Jesus name.
- Pray for the spirit of witchcraft and animism to be casted out for His glory.
- Pray for the workers to be able to get to the Siksa people group safely.
- Pray that those Siksa who identify as Christian will understand the good news and follow Jesus as best they know, discipling others.
